REPLACING 3<sup>RD</sup> REVISED SHEET NO. 40 - 1B  
EFFECTIVE DATE 12/30/2016

**SCHEDULE: OUTDOOR LIGHTING (OL)**

**RATE CODE 204, 207, 214 & 217**

### AVAILABILITY

This rate schedule is available to any customer of the Company for outdoor lighting limited in operation from dusk to dawn.

A written contract may be required at the option of the Company.

This rate schedule is not available for resale, stand-by, breakdown, auxiliary, or supplemental service.

Service shall be furnished in accordance with the Company's Rules, Regulations, and Conditions of Service, and the Rules and Regulations of the Oklahoma Corporation Commission.

### SPECIAL TERMS AND CONDITIONS

A meter may be installed on at least one installation that is of the same wattage (including ballast) for each type of installation served. The kilowatt-hours (kWh) used for each type of the metered installation(s) will be multiplied by the number of identical installations. The Company may elect to determine monthly usage on the basis of 4,140 burning hours per year where photo or timer controls are the only means of interrupting usage.

### HOURS OF OPERATION

Use of lights served under this schedule shall be limited to dusk to dawn operation. Control of lights shall be accomplished by means of either photoelectric cells or clock timers. The Company reserves the right to monitor the control of light operation and may require replacement, modification or adjustment of light controls to ensure operation does not occur outside the hours of dusk to dawn.

### MONTHLY RATES

### AVAILABILITY

This price schedule is available on an annual basis to any customer for illumination of outdoor areas. Service will be provided by means of Company-owned and maintained lamps installed on overhead fixtures supported by poles in Company's existing distribution system. Costs for added wood poles conforming to standard specifications, which are satisfactory to the Company, will be paid to the Company by non-refundable payment in advance of installation. Customer will not acquire any title in said facilities by reason of payment. Customer will also be responsible for the cost of any associated circuit work. This schedule is not available for resale, stand-by, or supplemental service.

A written contract may be required at the option of the Company.

Service shall be furnished in accordance with the Company's Rules, Regulations, and Conditions of Service and the Rules and Regulations of the Oklahoma Corporation Commission.

### CONDITIONS OF SERVICE

#### RELOCATION OF FIXTURES

If the Company is required by the customer to relocate a lighting system, or portion thereof, the customer shall pay all costs of relocation.

#### HOURS OF OPERATION

Lights served under this schedule shall be limited to dusk to dawn operation. Control of lights or lighting system shall be by means of photoelectric cells or timers. The Company reserves the right to monitor the control of light operation and may require replacement, modification, or adjustment of light controls to insure operation does not occur outside the hours of dusk to dawn.
