

# AEP POLE ATTACHMENT PROCESS

**Stage 1** -- Receive Proposal either through JU Portal or paper copy  
**Stage 2** -- Proposal Will Be Engineered Either In-House By Engineering Technician Or By Our 3rd Party Engineering Contractor  
**Stage 3** -- After Engineering Has Been Completed An Estimate Of Charges Will Be Provided to Customer. If A Ride Out Is Requested That Will Be Arranged By Appropriate Parties  
**Stage 4** -- New Attacher Has 14 Days To Accept Estimate, If No Acceptance Then Proposal Will Be Withdrawn  
**Stage 5** -- Once New Attacher Has Accepted The Estimae The Contractor Will Submit The Job Packet Back To AEP. At This Time The Contractor Is To Submit For Any Required Permits.  
**Stage 6** --Once Job Packet Is Ready, Proposal Associate To Create Invoice And Send To New Attacher. Proposal Associate To Follow Up If Payment Is Not Received In Timely Manner  
**Stage 7** --Once Payment Has Been Received The "Clock" Starts On The Construction Timeline  
**Stage 8** --Once Construction Is Complete The "Clock" Starts For The New Attacher to Attach  
**Stage 9** --Once New Attacher Notifies Us That They've Attached, We Have 90 Days To Perform A Post Construction Inspection
