

\$500

REBATE ON HIGH FREQUENCY FORKLIFT BATTERY CHARGERS

Charge your electric forklift more efficiently with a high frequency battery charger. Upgrade and enjoy reduced electricity costs, increased operational efficiency, better voltage and current control, longer battery life, and less maintenance.

REBATE DETAILS

- Eligible equipment:
 - High frequency battery charger with a conversion efficiency of at least 89%.
 - 24V, 36V, or 48V designed for a pallet jack or forklift battery.
 - Retrofit and new equipment purchases are eligible; retrofit upgrades must replace existing SCR or Ferro Resonant charger one-to-one.
- Rebate cannot exceed 50% of the equipment cost.
- Limit of \$20,000 in rebates per customer.

Ready to get started?

Follow the steps below to receive your rebate:

- Complete the High Frequency Forklift Battery Charger Rebate Summary form, available through your equipment distributor or online at PowerForwardWithPSO.com/my-business.
- Read and sign the PSO Business Rebates - Terms and Conditions form.
- Provide an itemized invoice from your equipment purchase.
- Email your completed forms to Businesses@PowerForwardWithPSO.com. Forms received after July 31, 2021 will be eligible for the standard \$500 rebate.
